

# Science Diet® Adult Light

Hill's® Science Diet® Adult Light dog food provides precisely balanced nutrition to help your dog achieve ideal weight. It has fewer calories than Hill's® Science Diet® Adult Advanced Fitness Original formula to help control weight and contains L-Carnitine to help your dog turn fat into energy. It also has a high fiber content to keep your dog satisfied between meals. All these, and our best taste ever!

WHERE TO BUY ►

## Key Benefits

### Recommended For:

Adult dogs 1-6 years of age that require fewer calories (i.e. dogs that are less active, neutered or otherwise prone to weight gain).

### Not Recommended For:

- Puppies, adult dogs not prone to gaining excess weight.
- Pregnant or nursing dogs. During pregnancy or nursing, dogs should be switched to: **Science Diet® Puppy Healthy Development Original, Science Diet® Puppy Small Bites, Science Diet® Puppy Lamb Meal & Rice Recipe, Science Diet® Ideal Balance™ Puppy or Science Diet® Healthy Advantage™ Puppy**

Benefit	Nutrient	How It Works
Helps maintain a healthy weight	Reduced calories*	Optimal levels of energy for a healthy weight.
Burn fat and ideal body weight	L-Carnitine	Converts fat into energy to help maintain optimal body weight.
Controls hunger between meals	High fiber	Natural fiber ensures satiety between meals.
Healthy immune function	Vitamin C + E	Optimal levels of clinically proven antioxidants for a healthy immune system.
Best Taste Ever	High quality ingredients	Precise blend of high quality ingredients for a taste dogs are guaranteed to love.

## Additional Info

Dry and canned formulas meet strict regulatory guidelines for low-calorie, low-fat foods. Our 150 veterinarians, PhD nutritionists and scientists ensure that over 50 nutrients in Hill's Science Diet dog foods work together and fall precisely within appropriate ranges, avoiding nutrient excesses and deficiencies that can impact your dog's long term health. Hill's stands behind quality of our product. If you, or your dog, aren't completely satisfied, just return the unused portion to the place of purchase for a full refund or replacement.

## Other Products to Consider

Science Diet® is available in a wide variety of dry foods and treats for your dog's unique needs, and canned foods, with many delicious flavors your dog will love.

# Feeding Guide

## Daily Feeding Guide:

### Helpful Tips

- **This product is intended for weight maintenance. Should you choose to feed for weight loss use an ideal or target body weight rather than the current body weight and consult your veterinarian.**
- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight or for appropriate weight loss. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- When using with Science Diet® canned food, decrease the amount of dry food to avoid overfeeding.
- **Keep fresh water available at all times!**
- Science Diet is available in a wide variety of dry foods and treats for your dog's unique needs, and canned foods, with many delicious flavors your dog will love.
- We recommend Science Diet® Simple Essentials™ Treats Light Adult Biscuits for dogs eating this product.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
