

Science Diet® Adult Sensitive Skin

Hill's® Science Diet® Adult Sensitive Skin dog food provides precisely balanced nutrition to help avoid dry, flaky and itchy skin. High level of Omega 3 and 6 fatty acids nourish the skin and replenish the natural essential oil to promote skin health and shiny coat. It contains a proprietary blend of antioxidants to enhance the immune system and for overall health. High quality ingredients in this diet are easy to digest and ensure nutrient absorption in the body.

WHERE TO BUY ▶

Key Benefits

Feeding Guide

Daily Feeding Guide:

Helpful Tips

- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.

- **For maximum benefit**, this product must be fed as the only food. Use of supplements or mixing with any other food is not recommended.
- **Keep fresh water available at all times!**
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- Science Diet® pet food is available in a variety of dry foods and treats for your dog's unique needs and canned formulas with many delicious flavors your dog will love.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children**
