WHERE TO BUY ▶

## Key Benefits

### Recommended For:

Normally active puppies up to 1 year old, and pregnant or nursing dogs.

### Not Recommended For:

- Adult dogs prone to weight gain.
- Adult or mature dogs.

Ingredient	Benefit	Source
Premium Chicken	Fresh chicken builds and maintains lean muscle. It's a high-quality, highly digestible protein without added hormones and steroids.	Chickens from USDA-inspected facilities.
Chicken Meal	Chicken meal benefits your dog's skin, coat and muscle. It's a great source of protein with essential amino acid.	Chickens from USDA-inspected facilities.
Soybean Meal	When combined with meat protein, soybean meal helps build lean muscle. It's a high-quality, highly digestible protein with essential amino acids.	Grown by farmers in North America.
Egg	Egg helps build lean muscle and a shiny coat. It has the highest essential amino acid content of all naturally-occurring protein sources.	Collected from USDA-Inspected Facilities.
Wholesome Grains	Brown rice, whole wheat, oats and barley are carbohydrate sources for energy. These wholesome grains are also a source of fiber, vitamins and fatty acids.	Whole grains grown on North American farms.

Carrots, Peas & Broccoli	Carrots, peas and broccoli help the immune system as a natural source of vitamins, minerals, dietary fiber, antioxidants and phytonutrients.	Farm grown in North America and Europe. No added sulfites.
Apples & Cranberries	As natural sources of antioxidants like Vitamin C, apples and cranberries support your pet's immune system on a cellular level.	Farm grown in the United States. No added sulfites.
Flaxseed	Flaxseed gives your dog a lustrous coat and soft skin with essential fatty acids, Vitamin E and natural Omega-3 fatty acids.	Grown by farmers in North America.
Fish Oil	Fish oil promotes healthy bones and mobility. It's also a natural source of Omega-3 fatty acids, EPA and DHA.	Coldwater-caught fish.
Soybean oil	Soybean oil gives your dog soft skin and a lustrous coat. It's high in essential fatty acid.	Grown by farmers in North America.
Vitamins E & C	The antioxidant power of Vitamins E & C promotes body-wide cellular health	Processed in Europe and the U.S.

## Additional Info

### CLINICALLY PROVEN

- To provide complete, balanced nutrition
- To achieve ideal body weight
- To build lean muscle and avoid excess body fat
- Antioxidants to maintain cellular health because they fight free radicals

- Natural with added vitamins and minerals.
- Superb taste made with the highest quality ingredients: real chicken, real garden vegetables and wholesome grains.
- 100% Guarantee -- pets will love the taste or consumers can return the unused portion for a full refund.

## Feeding Guide

### Daily Feeding Guide:

#### Helpful Tips

- **For puppies/pregnant dogs: begin by feeding the suggested daily amount. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure, ask your veterinarian.**
- **For nursing dogs:** keep food available at all times.
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period
- **Keep fresh water available at all times!**
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
