WHERE TO BUY ▶

Key Benefits

Recommended For:

Normally active adult dogs 1 -- 6 years of age.

Not Recommended For:

Puppies, pregnant or nursing dogs, mature adult dogs.

Ingredient	Benefit	Source
Premium Lamb	Premium quality protein, highly digestible and provides essential amino acids necessary for maintaining lean muscle.	New Zealand or Australian lamb processed at USDA-inspected facilities.
Lamb Meal	Lamb meal benefits your dog's skin, coat and muscle. It's a natural high quality protein with essential amino acid.	New Zealand or Australian lamb processed at USDA-inspected facilities.
Soybean Meal	When combined with meat protein soybean meal helps maintain lean muscle. It's a high-quality, highly digestible protein with essential amino acids.	Grown by farmers in North America.
Egg	Egg helps maintain lean muscle and a shiny coat. It has the highest essential amino acid content of all naturally-occurring protein sources.	Collected from USDA-Inspected facilities.
Wholesome Grains	Brown rice, oats and barley are carbohydrate sources for energy. These wholesome grains are also a source of fiber, vitamins and fatty acids.	Whole grains grown on North American farms.

Carrots, Peas & Broccoli	Carrots, peas and broccoli help the immune system as a natural source of vitamins, minerals, dietary fiber, antioxidants and phytonutrients.	Farm grown in North America and Europe. No added sulfites.
Apples & Cranberries	As natural sources of antioxidants like Vitamin C, apples and cranberries support your pet's immune system on a cellular level.	Farm grown in the United States. No added sulfites.
Flaxseed	Gives your dog a lustrous coat and soft skin with essential fatty acid, Vitamin E and natural Omega-3 fatty acids.	Grown by farmers in North America.
Soybean Oil	Soybean oil gives your dog soft skin and a lustrous coat. It's high in both Vitamin E and essential fatty acid.	Grown by farmers in North America.
Vitamins E & C	The antioxidant power of Vitamins E & C promotes body-wide cellular health.	Processed in Europe and the U.S.

Additional Info

Feeding Guide

Daily Feeding Guide:

Helpful Tips

- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- **Keep fresh water available at all times!**
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
