

Science Diet® Adult Light

Hill's® Science Diet® Adult Light cat food provides precisely balanced nutrition to help achieve ideal weight. It has fewer calories than the Hill's® Science Diet® Adult Optimal Care™ Original formula and contains L-carnitine to help your cat turn fat into energy. It also has a high fiber content to keep her satisfied between meals. All this, and great taste too!

Key Benefits

Recommended For:

Adult cats (1 -- 6 years of age) that require fewer calories (i.e., cats that are less active, neutered or otherwise prone to excess weight gain).

Not Recommended For:

- Kittens, adult cats not prone to gaining excess weight.
- Pregnant or nursing cats. During pregnancy or nursing, cats should be switched to: **Science Diet® Kitten Healthy Development, Science Diet® Kitten Healthy Development Ocean Fish & Rice Recipe, Science Diet® Kitten Indoor, Science Diet® Healthy Advantage™ Kitten, or Science Diet® Ideal Balance™ Kitten**

Benefit	Nutrient	How It Works
Healthy immune function	Vitamin C + E	Ideal levels of clinically proven antioxidants for a healthy immune system.
Lean muscle and ideal body weight	L-Carnitine	Converts fat into energy and helps maintain lean muscle mass.
Helps maintain healthy weight	Reduced calories*	Appropriate energy levels for a healthy weight.
Helps control hunger between meals	High fiber	Natural fiber helps provide satiety between meals.
Great taste	High quality ingredients	Precise blend of high quality ingredients for a taste your cat is guaranteed to love.

Additional Info

- Hill's® Science Diet® cat foods are made with high quality ingredients that provide an ideal combination of nutrients for better overall health. Our 150 veterinarians, PhD nutritionists and scientists ensure that over 50 nutrients in Hill's® Science Diet® cat foods work together and fall precisely within appropriate ranges, avoiding nutrient excesses and deficiencies that can impact your cat's long term health.
- 100% Guarantee -- your cat will love the taste or you can return the unused portion for a full refund.

Other Products to Consider

Science Diet® is available in a wide variety of dry foods for your cat's unique needs. Wet foods are also available in minced cans, with many delicious flavors your cat will love.

Feeding Guide

Daily Feeding Guide:

Helpful Tips

- **This product is intended for weight maintenance. Should you choose to feed for weight loss use an ideal or target body weight rather than the current body weight and consult your veterinarian.**
- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight or for appropriate weight loss. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- **If switching from a canned food**, make sure the cat drinks an adequate quantity of water to avoid constipation.
- **Keep fresh water available at all times!**
- When supplementing with canned food, decrease the amount of dry food to avoid overfeeding.
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- Science Diet is available in a wide variety of dry foods for your cat's unique needs. Canned cat food is also available from Science Diet in a variety of delicious textures and flavors that your cat will love.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
