Key Benefits

Recommended For:

Adult cats 1 -- 6 years of age.

Not Recommended For:

Kittens, pregnant or nursing cats.

Benefit	Nutrient	How It Works
Ideal body weight	Precise balance of key nutrients	Delivers the appropriate amount of energy to support ideal body weight.
Easy to digest	High quality ingredients	Ensures proper nutrient absorption to keep your cat fit and healthy.

Additional Info

- Minced varieties are cooked in savory juices for great taste with a soft, "pâté" texture that's easy to serve.
- Hill's® Science Diet® cat foods are made with high quality ingredients that provide an ideal combination of nutrients for superior overall health. Our 150 veterinarians, PhD nutritionists and scientists ensure that over 50 nutrients in Hill's® Science Diet® cat foods work together and fall precisely within appropriate ranges, avoiding nutrient excesses and deficiencies that can impact your cat's long term health.
- 100% Guarantee -- your cat will love the taste or you can return the unused portion for a full refund.

Other Products to Consider

- If your cat likes the texture of Minced canned foods, try our other Minced flavors: Savory Chicken, Gourmet Turkey, Turkey & Giblets, Savory Salmon, Savory Seafood, and Liver & Chicken.
- If your cat has special needs, Minced canned foods are available in Indoor, Hairball Control and Light varieties.
- Your cat might also like a gourmet canned food with gravy. Try Science Diet® Tender Dinners in 3 Delicious & Nutritious Flavors - Chicken, Ocean Fish, and Tuna.
- For dry food, try Science Diet® Adult Optimal Care™ or Healthy Advantage™ Adult dry formulas.
- For a natural food, try Science Diet® Ideal Balance™ Adult or Ideal Balance™ Adult Grain Free cat food dry formulas.

Feeding Guide

Daily Feeding Guide:

Helpful tips

- Cover and refrigerate unused portion.
- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust**

as needed. If you are unsure ask your veterinarian.

- **Keep fresh water available at all times!**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- When using with dry food, decrease the amount of canned food to avoid overfeeding.
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.

Adult maintenance - using 3 oz (85 g) can
