

Science Diet®

Adult Sensitive Stomach

Hill's® Science Diet® Adult Sensitive Stomach cat food provides precisely balanced nutrition to promote gentle digestion. It is made with high quality ingredients and an ideal combination of nutrients and clinically proven antioxidants for superior overall health. Its high quality protein and gentle fiber ensures appropriate nutrient absorption and easy digestion.

Key Benefits

Recommended For:

Adult cats 1 -- 6 years of age with sensitive stomachs.

Not Recommended For:

Kittens, pregnant or nursing cats.

During pregnancy or nursing, cats should be switched to: **Science Diet® Kitten Healthy Development Original**, **Science Diet® Kitten Healthy Development Ocean Fish & Rice Recipe**, **Science Diet® Kitten Indoor**, **Science Diet® Healthy Advantage™ Kitten** or **Science Diet® Ideal Balance™ Kitten**

Benefits	Nutrient	How It Works
Healthy immune function	Vitamin C + E	Ideal levels of clinically proven antioxidants for a healthy immune system.
Gentle, comfortable digestion	High quality protein and healthy fiber	Ensures ideal nutrient absorption and easy digestion.
Appropriate nutrient absorption	High quality ingredients	Ensure proper nutrient absorption for a sensitive stomach.
Promotes intestinal health	Gentle fiber blend	Maintains healthy bowel function.
Lean muscle and ideal body weight	High quality lean proteins	Protein is the building block for lean muscle and helps maintain ideal body condition.

Other Products to Consider

Science Diet® is available in a wide variety of dry foods for your cat's unique needs. Canned cat food is also available from Science Diet in a variety of delicious textures and flavors that your cat will love.

Feeding Guide

Daily Feeding Guide:

Helpful Tips

- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- **For maximum benefit** this product must be fed as the only food. Use of supplements or mixing with any other food is not recommended.

- **Keep fresh water available at all times!**
- Your pet's nutritional needs change with each lifestage. Continue to give her the same precise and balanced nutrition by transitioning your cat to one of the Hill's® Science Diet® Mature Adult pet foods once she reaches 7 years of age.
- Science Diet is available in a wide variety of dry foods for your cat's unique needs. Canned cat food is also available from Science Diet in a variety of delicious textures and flavors that your cat will love.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
