- Hill's® Science Diet® Minced Adult Cat Food, assorted varieties

## Feeding Guide

### Daily Feeding Guide:

### Helpful Tips

- Cover and refrigerate unused portion.
- **These ranges are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- When using with dry food, decrease the amount of canned food to avoid overfeeding.
- **Keep fresh water available at all times!**
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- Your pet's nutritional needs change with each lifestage. Continue to give her the same precise and balanced nutrition by transitioning your cat to one of the Hill's® Science Diet® Mature Adult pet foods once she reaches 7 years of age.
