Feeding Guide

Daily Feeding Guide:

Helpful Tips

- These amounts are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure ask your veterinarian.
- Keep fresh water available at all times!

- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- When using with canned food, decrease the amount of dry food to avoid overfeeding.
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- Science Diet® pet food is available in a variety of dry formulas for your mature cat's unique needs. Canned cat food is also available from Science Diet in a variety of delicious flavors that your cat will love.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
