## Feeding Guide

### Daily Feeding Guide:

### Helpful Tips

- **These amounts are a starting point only. Your pet may need less or more food to maintain proper weight. Adjust as needed. If you are unsure, ask your veterinarian.**
- Feeding this food for the first time? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- **If switching from a canned product**, make sure your cat drinks an adequate quantity of water to avoid constipation.
- **For maximum benefit** this product must be fed as the only food. Use of supplements or mixing with any other food is not recommended.

- **Keep fresh water available at all times!**
- We recommend that you take your pet to the veterinarian at least twice a year for regular health check-ups.
- Science Diet is available in a wide variety of dry foods for your cat's unique needs. Canned cat food is also available from Science Diet in a variety of delicious textures and flavors that your cat will love.
- **To prevent suffocation, keep this plastic bag out of the reach of pets and children.**
